

On-Site Audios Request

Occupational Health

Company Name: _____ Contact: _____

Company Address: _____

Send results to (E-Mail, Fax or Mail): _____ No. of employees to test: _____

Dates Requested (M-F 7:30 a.m. – 6:00 p.m.): _____

Will a key card, code or another contact to gain grounds access? _____

We try to drop off and pick up the trailer the same day, but there are times when this is not possible.

Can we drop the trailer off the day before testing? Yes No

Can we pick the trailer up the day after testing? Yes No

Additional Information

- The audio trailer will need a location that is as quiet as possible, either outside or in a garage, docking bay or similar.
- The trailer will need a single plug for power access.
- It takes approximately 30 minutes to have the trailer set up and ready once parked.
- Each employee audiogram takes about 10 minutes.
- We ask that 1 to 2 employees be ready at all times to prevent down time.
- The audio tech must take a 30 minute lunch if testing is expected to take more than 6 hours per day.

We will reach out to the contact listed above to finalize a date and time. Once confirmed, we will send a form for all employees who will be tested to fill out and have ready when they go for their audio test.

Please send this form to onsiteservices@cascadehealth.org. Thank you!
